REMARKS.—The Flour market has been very active since our last review, and prices have been well maintained. The receipts have been larger than during the preceding week, being chiefly of Pennsylvania and Western brands. The receipts of Virginia brands continue light. The demand continues steady for the wants of the local trade, and we note transactions in high grades Extras at 812 to 88 25, and Supers at 710 to 87 25. Family brands are in limited request at our quotations, which we revise as follows: Family 9 to 89 50, choice 810; Extras 812 to 88 25, choice 88 37; Supers 7 to 87 25. Wheat is very active and light receipts; offerings to-day of 112 bushels white and 694 of red; sales of very good white at 172, and of red at 167 to 170 for good, 172 and 173 for very good, and 175 for prime; no choice samples offered. Corn is less active; offerings to-day of 1394 bushels mixed and 150 of yellow; sales at 85, 67 and 68 for mixed and 67 for yellow. Rye is steady; sales to-day of 174 bushels at 96 and 100. Oats are in good demand; no offerings on 'Change to-day. Plaster is in good demand, but stocks are very light and held at our quotations. Salt is in fair enquiry. Poultry continues steady at quotations; the receipts have fallen off, which keeps up the market. Bacon is quiet; we note some movement in shoulders and sides, but country hams are very dull. Lard is more active at an advance, and holders are firm in their views. Dried Fruit is in good demand. Eggs are quiet. Potatoes are in good demand. Onions are dull. Seeds are unsteady; prime clover is scarce and firmly held; medium and fair lots are dull; Timothy is steady.

REPORTED BY ALEXANDRIA CATTLE MARKET, Feb. 15.—[Reported by J. R. Smith, Live Stock Broker.] Beef Cattle.—The offerings amounted to 203 head this week, 25 of which were sold to the butchers here, and 40 to speculators; the remainder, 138, and those of speculators, were driven on to the District markets. The quality of the cattle offered this week was very fair, and the market opened rather brisk at a slight advance on last week's sales. Prices ranged from 53 to 72, the best of sales being from 41 to 46, and the average 58 gross. Cows and calves are in full supply, and are selling at from 25 to \$55 for inferior to No. 1.

Sheep.—Offerings large, with rather dull market prices ranging from 5 to 74 gross—the latter for prime line this morning, but the evidence elicited is insufficient to criminate any of them. A collar belonging to the harness stolen from Messrs. Smoot & Perry was found near the depot of the W. & O. R. R. and returned to them by one of the men alluded to above.

PERSONAL.—The Panama Star and Herald of the 30th ult. contains a list of the passengers of the steamer Rising Star, which arrived at that port on the 28th ult., among which appear the names of Messrs. Addison Marbury and Thomas Dwyer of this city, who are en route to Costa Rica, having received lucrative employment, as civil engineers, on a railroad to be constructed in that State.

THE WEATHER.—This has been one of the most variable and "uncertain" winters we have ever known. The alternations of temperature throughout have been quite remarkable. The weather has been frozen across, and then frozen from ice, two or three times. Night before last the river was frozen across suddenly. To-day the weather is comparatively mild.

Funeral.—The funeral of Mr. Henry Studis, which took place from that gentleman's late residence, in Fairfax county, on the Little River Turnpike, beyond West End, yesterday, was attended by Osceola Tribe, No. 1, I. O. M., of this city, of which the deceased was a member.

REPAIRS.—The repairs to the Washington and Ohio Railroad. It will be the only place in the city where a gauge of ten pins can be played.

WE HAVE RECEIVED THE March number of the Galaxy Magazine. It has many excellent articles.

TRUSTEE'S SALE.—By virtue of a deed of trust from Guy Humphrey, N. Humphrey and Emma C. Humphrey, dated the 29th of October, 1867, recorded amongst the land records of Fairfax county, liber H. Selling at auction, I shall convey such title only as is vested in me, which is believed to be unquestionable. Sale to take place between 12 and 3 o'clock. Terms cash. THOS. R. LOVE, Trustee.

N. B.—The fixtures on hand, if not disposed of at private sale by the 11th instant, will be sold at auction. Fairfax county, Feb. 16—ts

ADJOURNMENT OF THE U. S. CIRCUIT COURT.—Judge Underwood, in the absence of Judge Bond, who is detained in Baltimore from his position, opened the U. S. Circuit Court this morning, and immediately adjourned it until the last Thursday in March. The Habeas Corpus case of Washington Funtleroy, colored, from Essex county, and the injunction case, of Hay vs. French, are to be heard in Baltimore, before Judge Bond, in Chambers.

CRIMINAL EXAMINATION.—Several parties, thought to be implicated in the late theft of a horse, cart and harness, were examined by the Mayor this morning, but the evidence elicited is insufficient to criminate any of them. A collar belonging to the harness stolen from Messrs. Smoot & Perry was found near the depot of the W. & O. R. R. and returned to them by one of the men alluded to above.

## TELEGRAPH NEWS.

(DISPATCHES TO THE GAZETTE.)

FROM WASHINGTON.  
CONGRESS.  
WASHINGTON, February 16, 1872.  
The Senate, to-day, passed an act for the erection of a new Custom House at Trenton, New Jersey.  
After the reception of petitions the debate on Mr. Sumner's French arms resolution was resumed.  
In the House of Representatives Mr. Beck obtained, after much difficulty, unanimous consent to make a personal explanation (in reply to Senator Brownlow's attack.) He argued that under Brownlow's rule Tennessee was ruled like a pandemonium.  
A member—Yes, that's the way to rule demons.  
He was frequently interrupted, but persevered to the conclusion of his remarks.

POSTOFFICE AFFAIRS.  
The postoffice at Elk Run has been re-established with Mattie A. Rolfs postmistress.

FROM NEW YORK.  
NEW YORK, Feb. 16.—On Tuesday, W. J. Pailock was arrested and held to bail in the sum of \$20,000 for alleged smuggling operations in linen and Jute goods. For some time past large shipments of these goods have been received in the city, and suspicion being awakened by the low prices at which they were sold, an investigation resulted in the discovery of enormous frauds. The amount has not yet been definitely ascertained, but it will reach many thousands of dollars. The perpetration of the fraud was carried on by means of false marks and brands at the Custom House, whereby the identity of the goods was destroyed and the Custom House officials misled.

The indicted Ringists are greatly interested in the issue raised in the Stokes case as to the regularity of the Oyer and Terminer Grand Jury which indicted him. If Stokes secures a setting aside of the indictment it will establish a precedent for those indicted by the General Sessions anti-Ring Jury, as the empanelling of both was alike. On this account it is said John Graham, though battling for Stokes, is really seeking to save Tweed.

A Buffalo dispatch says that the lake fishermen are to hold a meeting in Detroit on March 26th, with the view to consider means to secure their rights to fish on British soil, which is denied by the Treaty of Washington. A large number of silk manufacturers held a meeting in this city yesterday at which it was decided to petition Congress against a reduction of the tariff on silk.

The Legislative inquiry into the charges against Judges Barnard and Cardozo, which begins to-day, will be conducted in secret.

Mrs. Wm. B. Astor died yesterday.

FROM UTAH.  
SALT LAKE CITY, Feb. 15.—A mass meeting of Libera's was held last night to petition Congress for a registration act and for the abolition of woman suffrage as exercised here. A committee was appointed to prepare a memorial. Able speeches were made and an earnest determination expressed to fight to the bitter end the abuses of the elective franchise as practiced here by the church authorities. Never were the people more in earnest that the Libera's in Utah, to obtain their rights. The Mormon press do not contradict the charge that altars and children voted at the last election. The miners in all the principal districts are holding meetings and preparing petitions to Congress to sustain the federal judiciary and correct the Mormon violation of the law.

An elegant entertainment was given to-day to the Japanese Ambassador Ito and General Sumida at Camp Douglas which highly delighted them.

News received to-night that an eastern train will be here to-morrow or Saturday creates much rejoicing.

General Connor repudiates his election as a member to the State Convention.

FOREIGN NEWS.  
PARIS, Feb. 15.—All hopes of a fusion of the Opportunists and Legitimists are abandoned. The Assembly debated with much feeling a proposal to head all tax papers with the words, "occasioned by the war of 1870." The Left moved to add to it these words, "declared by Napoleon," and the Right moved a further addition, "and continued by the government of September." The amendment of the Left was adopted and the proposal passed the Assembly.

MADRID, Feb. 16.—The official Gazette publishes the text of an armistice between Spain and the South American Republics agreed to at Washington.

FROM SAN FRANCISCO.  
SAN FRANCISCO, Feb. 15.—The will of General Henry H. Halleck was probated to-day. His wife is appointed sole executrix and guardian of their son. The property is shared between them except \$5000 to be paid his mother with the use of his homestead in Ouedia county, New York State, during his life.

Stocks are again depressed. Kong Kong dispatches say the steamer Marabon brought a Singapore ship Radiant beached after striking on Crocodile reef. The officers and crew of the American ship Amandy were poisoned at Hong Kong. One of the officers died. The poisoners escaped.

FOREIGN CAPITAL.  
ST. LOUIS, Feb. 16.—A meeting of prominent and influential citizens was held at the Southern Hotel last night to devise means whereby foreign capital may be induced to come to St. Louis for investment. Governor Standard, D. H. Armstrong, and other gentlemen made speeches. A lengthy letter from Prof. Waterhouse, of Washington University, was read in which he discussed the whole subject.

FATAL RAILROAD COLLISION.  
PITTSBURGH, Feb. 16.—A collision occurred on the Connelville Railroad at Clayton's station yesterday morning. Two freight trains telescoped and the engineer of one train named J. Martrey, was fatally injured. Four cars containing live stock, were wrecked and a number of animals killed. The disaster was caused by one of the trains stopping for water without displaying the signal. The matter will be investigated.

ASHORE.  
NORFOLK, Va., Feb. 16.—The schooner Willie, Staples master, from Marazion, Porto Rico, for Baltimore, with a cargo of sugar, went to ground on Body's Island at 5 a. m. on the 14th. Wreckers have gone to her assistance.

## DIED.

February 12th, 1872, of pneumonia, Mrs. ELIZABETH HUGHES, wife of Mr. Benjamin Hughes. She was a dutiful wife, a kind and affectionate mother, a warm-hearted friend, and a true and humble Christian, having been a member of the Methodist Church for twenty-two years. None knew her but to love her, none named her but to praise.

With songs, let us follow her flight,  
And mourn the mansions of light,  
Escaped to the mansions of light,  
And lodged in the Eden of love.  
There all the ship's company meet,  
Who sailed with the Saviour beneath,  
With shouting, each other they greet,  
And triumph o'er sorrow and death.  
The voyage of life's at an end;  
The mortal affliction is past.  
The age that in Heaven they spend,  
Forever and ever shall last.

## SPECIAL NOTICES.

ALL THE YEAR ROUND, and in all parts of the world, the elements of disease are present in the air, the soil and the water, in a greater or less degree, and therefore the Great Vegetable Antidote to these invisible enemies of health, Hostetter's Stomach Bitters, is invaluable as a household medicine at all seasons and in every latitude. At no period of the year is a regulating and corrective medicine more needed than toward the close of winter, when the sun and rain are beginning to break up the winter blockade, and from the softening soil arises that terrible miasma, which weighs like an incubus upon the vital machinery, and depresses the animal spirits. It is then that the seeds of intermittent and remittent fevers, of rheumatism and rheumatic gout, of obstinate stomach complaints, of disorders of the liver and bowels, and a whole host of pulmonary and nervous complaints are sown.

The best, the surest way to prevent this disastrous seeding is to invigorate and refresh the system with a course of the Bitters. If this precaution be taken now, there will be no danger of the miasmatic germs taking root in the fluids and tissues of the liver, ready to bring forth that terrible fruit in the spring. Now is the time for prevention. Remember that vigor is the only safeguard against the virus of disease, and that Hostetter's Bitters is the purest, the safest, the most powerful and perfect invigorant ever administered, either as protective medicine or a remedy. A change of season approaches which almost always proves more or less disastrous to persons of a weak, nervous organization. Brace up at once with the leading Tonic of the age—Purge from the blood all morbid matter, strengthen the nerves, and regulate and purify the secretions with the Vegetable Elixir, which combines the juices of the finest medicinal roots, herbs and barks, with the most wholesome of all diffusive stimulants.

DR. TUTT'S HAIR DYE IS THE BEST IN USE.  
DR. W. H. TUTT—Dear Sir: That you deserve the thanks of the public for the introduction of your Vegetable Hair Dye, I am sure, has ever taken them will deny. I consider them a blessing to suffering humanity. I have used them in my own case and in my family for some time with the greatest success. Their action is gentle, but certain, producing no gripping nor quivering any change of color. That they will find their way to every part of the country, I have no doubt. I cordially commend them to the afflicted. Yours, &c.,  
W. C. HEWITT, Proprietor Globe Hotel.

DR. W. H. TUTT—Dear Sir: That you deserve the thanks of the public for the introduction of your Vegetable Hair Dye, I am sure, has ever taken them will deny. I consider them a blessing to suffering humanity. I have used them in my own case and in my family for some time with the greatest success. Their action is gentle, but certain, producing no gripping nor quivering any change of color. That they will find their way to every part of the country, I have no doubt. I cordially commend them to the afflicted. Yours, &c.,  
W. C. HEWITT, Proprietor Globe Hotel.
